**The Georgian Bay
Amateur Radio Club**

The Georgian Bay Amateur Radio Club (GBARC) was instituted in October, 1973, at a meeting of amateurs living in the area. That nucleus consisted of VE3BIS Dick; VE3CRV Jim; VE3DTS Jack and VE3EFX Bill.

Since then the Club has grown to approximately 50 resident and non-resident members.

Regular meetings are held monthly except July and August, on the third Thursday. Currently they are held in the Tourist Information Center at Highway #21 and #70, 6 kms west of Owen Sound.

A repeater, for use by all licensed amateurs, is located near Woodford, 15 kms east of Owen Sound. The call is VE3OSR and frequencies are 146.34 in and 146.94 out. Coverage is roughly from Collingwood to Southampton and from the Bruce Peninsula to Durham.

A GBARC Net is held every Sunday at 9:30 a.m. on 3.783 mhz. Any amateur is invited to check in on phone or cw.

NEW PRESIDENTS MESSAGE

Well another year has come and gone and a new slate of officers have been elected to the executive of GBARC. As your new president, I face a new challenge and I will serve you the members as best I can.

This last year has certainly been an interesting one with many tours and activities. The entertainment committee did a great job. VE3LPT did a great job as president and leaves some big shoes for me to fill. (No reference to actual size)

This year is the international year of communication and the up and coming field day will emphasize this. Going by VE3KPT's efforts on FD and reports from QST, anyone who misses it will be sorry he missed out. So I hope we have a good turn out. Rain or shine, no problem, VE3OSR will be on the air June 25 and 26.

So, gentlemen, thank you for electing me over all the other candidates.

First order of business, raise the doorway on the FD trailer and all other low objects. (Except Moe)

See you at FD
