New Business

Bill DIQ has donated a framed picture in memory of Ian Sutherland HXX, to give to Betty and Rose for the family. A card was available for members to sign and then it will be sent to the family.

The Scouts Winter camp-out will be in Owen Sound Harrison Park last weekend of January. Anyone interested in taking part for the radio group can get in touch with Bob NX.

A discussion was held regarding having a 2m net on Sunday 9:30 a.m. 146.94 and an 80m net on Wednesday 9:00 p.m. 3.735 MHz. It was agreed to try for month of December and then re-assess by participants whether to continue.

Bob NX gave out I.R.L.P. Summary information with a brief overview. There will be a demonstration night planned in the new year. Bob NX and Gene IJD will provide details for this.

The monthly meetings will have the theme of "Back to Basics". There have been several requests to review and research/discuss various topics in the radio field. Each meeting will cover a topic as part of the regular business covered.

Bob McKay suggested the club consider offering the next amateur radio courses early fall or late spring so weather and seasonal activities do not conflict. This will be taken into consideration if instructors are available at these times.

2 apple pies were donated by Bob NX for the 50/50 draw with proceeds to the club. Okke and Chris each won a pie and the club received a \$ 35.00 donation. Thank you Bob and "grandma Vary" for the delicious pies.

Jim CJM gave the presentation of radio communication afloat with accompanying pictures of the scenery enjoyed throughout CJ's boat trip south.

Meeting adjourned with motion from Dieter DST and seconded by Tom CVL at 9:30 p.m.

NEW YEAR

Well the new year has come and it's time to make the Georgian Bay Amateur Radio Club the best it can possibly be but that can only happen with support from you. If you have any ideas of things to build or things to do don't be scared to mention them to the GBARC executive. As a team we can do anything. Have you read an interesting article or would like to learn more on a topic, well the GBARC feedback newsletter always has some extra space for articles. So if you have any don't be afraid to send them to Steven VE3SEG and Barry VA3WBG the GBARC feedback newsletter producers.
